Sharpening Intellect | Deepening Christian Faith | Inspiring Action

Messiah University is a Christian university of the liberal and applied arts and sciences. Our mission is to educate men and women toward maturity of intellect, character and Christian faith in preparation for lives of service, leadership and reconciliation in church and society.

The Ministry of Healing

Ever since Jesus came “healing the sick,” His disciples have tried to respond to human need in the same way. In this century, as the Brethren in Christ came in contact with more “neighbors,” their awareness of human need multiplied with each step outward into the world. It is no wonder that so many sons and daughters of the church have entered the healing ministries.

Often the church, through its missions, has started a medical ministry where none existed before. As the community (normally through government channels) picks up this basic community service, Christian workers either relate to the emerging programs or move on to new areas of need. The church should not be possessive of its ministries; its people are servants of Christ and witnesses to His Gospel of love in the world.
